

## 4-year international pre-doctoral + PhD program

### Interdisciplinary research in biology

### Sorbonne University, Paris, France

➤ **Deadline March 16<sup>th</sup> 2023**

The *Initiative for Interdisciplinary Research in Biology (i-Bio)* of the Sorbonne University Alliance in Paris is opening 4 positions for fully funded 4-year research programs. These will comprise one year of pre-doctoral rotation followed by a 3-year PhD contract to work at the interface between biology and other scientific disciplines.

**Where:** • At the [Paris-Seine Biology institute](#), or the [Fer à Moulin institute](#) in Paris, affiliated with [Sorbonne University](#).

**When:** • Starting October 15<sup>th</sup> 2023, for 4 years

**What:** • 1-year pre-doctoral experience with 3 successive rotational assignments of 3 months each, in 3 separate labs, starting October 15<sup>th</sup> 2023  
• 3-year PhD on one of the three projects, chosen at the end of the pre-doctoral year, starting October 1<sup>st</sup> 2024  
• List of pre-doctoral + PhD projects available [here](#).

**Who:** • Students of any nationality holding a Master degree or equivalent  
• Individuals highly motivated to work at the interface between biology and other disciplines  
• Backgrounds in biology, chemistry, computational biology, engineering, mathematics or physics

**How:** • Deadline: candidates fill in the application form by **March 16<sup>h</sup> 2023 at 4 pm**.  
• 1<sup>st</sup> round selection: evaluation of applications by the *i-Bio* Executive Committee  
• 2<sup>nd</sup> round selection: mid-May 2023, shortlisted candidates will be invited for a video-interview by a Selection Committee composed of scientific experts and representatives of the Doctoral Schools. Final results will be communicated by the end of May 2023.
